The internal evaluation system is direct student-teacher learning system where teacher assign assignments, surprise class test, project works, field work (for social science students), laboratory work (for science students), class presentation and quizzes so on to be evaluated in the classroom. All these are part of program improvement scheme. The external evaluation system is the end term examination with both multiple choice for even semester classes and subjective questions for odd semester classes to be evaluated by an external faculty assigned by the affiliating university. The College has a Counselling Committee, consisting of many faculty members, who help the students at the time of admission in choosing subjects by giving them awareness about the scope of different disciplines in order to choose a path of their choice and be clear about their goals in life. In order to improve the quality of the institution and to keep a track of the lectures being taught in classroom the

teachers mark the lecture number in their attendance register to make sure that the syllabus is completed on time.

The Govt. Degree college, Pattan has conducted extension activities in the adjacent locality during March-April, 2022, adopted the villages and some weaker sections of the society. The main objective of such activities is to connect our institution with the society which in turn will help our students to broaden their outlook with regard to their society and develop sense of social work among them. Moreover, such activities also help in inculcating good moral behaviour and sense of belongingness among the students. Due to Covid-19 pandemic many activities which were scheduled for the year could not be conducted. However, an important task that was taken up by the NSS unit of the college was the adoption of Darul Muhsinaat Girls orphanage located in the neighbourhood of the college. The NSS volunteers educated the

inmates about health and hygiene and also about the preventive measures to be taken in order to combat the pandemic. Moreover, sanitizers, masks, woolen clothes and study material etc, were distributed among the girls of the orphanage out of the donation collected by the NSS volunteers themselves.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The Department of Higher Education takes an annual performance appraisal of both teaching and non-teaching staff. The same is

Submitted to the Principal by each employee who in turn besides agreeing / partially agreeing or disagreeing with the self-declarations has to grade an employee on a scale of four Viz : Average , Satisfactory , Good and Excellent. If Principal appropriates Excellent to an employee then he has to justify same by a write up on the appraisal. After Completing the APR's, Principal dispatches same in a confidential manner to Commissioner Secretary Higher Education Department.

Under Career Advancement Scheme (CAS) UGC has specified API scores for individual teachers to acquire. As such faculty members are encouraged to attend conferences, seminars, paper presentations and take up minor research projects from various funding agencies. For the principal to grade an employee it is important to have feedback from students.

At different times Principal seeks suggestions from staff regarding the measures which need to be taken at college level or at the level of department to bring improvements in higher education system.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

IQAC has introduced healthy practices for overall academic improvement in the college. Two of such practices are enumerated here under;

PRACTICE-I: MAPPING OF CLASSES ENGAGED BY FACULTY IN A LUCID MANNER

IQAC deliberates on the issue of monitoring of class work by the Principal of the college. Since time table is a detailed document and considering the number of classes going on simultaneously it becomes very difficult to map individual teachers in terms of classes engaged. The IQAC decided an innovative mechanism of time table monitoring by way of keeping a ready reference of each class with the name of corresponding teacher fixed on a small notice board outside each class room.

PRACTICE-II: MAPPING OF QUANTUM OF SYLLABUS TAUGHT BY FACULTY

IQAC deliberated on the issue of monitoring the syllabus taught by a particular teacher and it was decided that each teacher before start of an academic calendar will submit a lecture wise detailed plan of his syllabus in advance to the IQAC. Further each faculty member is supposed to submit a Syllabus completion certificate at the time of closure of a session/semester and the same certificates stand a testimony to academic deliverance by teachers in a class.

III: Online Teaching, Evaluation and co-curricular activities.

IQAC of college is mandated to create a repository /record of all the documentation generated round the year which includes copy of time tables, important student notices , event calendar , sports calendar , publications like prospectus , newsletters and magazines. The college IQAC meets twice in an academic year. Before the onset of academics in the college in a particular year the college IQAC conducts a detailed review of the decisions taken in December meeting wherein the issues faced by the college during academic year are flagged. After understanding the issues of previous year the IQAC strategizes and devises a plan for current academic year in the month of March. The plan includes framing of a detailed academic calendar where time lines are fixed for completion of syllabus and conduct of Internal Assessments. Further a complete review of requirements of laboratories and individual departments are framed and forwarded to individual Departments and sections of college. At the end of the session IQAC meets again and analyses as to what has been achieved during the academic year.
